pHASE Plus™ 4.0 Suite

Health Consultation Management Software

pHASE Plus employs all of the time-saving pH analysis features of pHASE 4.0, and adds *Urea, Conductivity, Cell Debris* and *Carbohydrate Analysis*. You can have confidence giving diet and supplementation recommendations based on this level of accurate data!

In addition, pHASE Plus provides you with three automated questionnaires for analysis to further detail your client's health picture.

"Why guess when you can be sure?"

— Dr. Carey Reams
