from Carey A. Reams

On January 23, 1977 I was poisoned. I was in the hospital 89 days and had surgery twice as a result. I was not able to work the rest of last year. However, the persecution has continued. I was arrested in November and was in jail 18 days. However, I had a revival meeting at my Riverside, California Garden of Gethsemane and five men gave their lives to Christ.

Mr. Glean, my ex-attorney, whom I dismissed on April 18, 1977, while I was still in the hospital has testified before a grand jury in California against me. He has also instigated problems in Georgia and Virginia. Now the law enforcement agencies in these states have become a party to the fact. It appears that God is delivering our enemies into our hands. My prayer is that this year the courts will learn the difference between the Practice of Medicine and the Practice of Health.

Dr. Rudd and John Couture offered to purchase I.A.L. for \$6,000,000. I.A.L. took a \$10,000 good faith deposit from Dr. Rudd for the purchase of I.A.L. This \$10,000 was deposited to Mr. Glean's legal trust account. I.A.L. never submitted to Dr. Rudd and John Couture an itemized inventory with legal descriptions.

I have never been associated with Dr. Rudd or John Couture on a business basis. My wish is to now do research, teach faculty members of the health seminars, and give an occasional health lecture.

I know that the Reams Biological Theory of Ionization is from God to bring about better health to all who desire the best health this world can offer. This theory is the Health Message that is taught in the Bible. There are more than 100,000 people now using this plan in one way or another and approximately 5,000 teaching all or part of it to the best of their ability. The 100,000 is an extremely conservative figure and the number could run into the millions. The more people you can teach how to be healthy the less likely you and I will be harassed.

Satan is the accuser of the brethren. Revelation 12:10. As for me it is more important to please God than man. We are to obey the laws of man as far as it is within us to do so without disobeying God. I count it a privilege to carry the cross for Him and to testify for Him in high places.

In all these years of harassment the courts have never asked me to cease and desist from the following:

Teaching seminars of health

Teaching the Reams Biological Theory of Ionization

Teaching the health message in the Bible, which is a summary of the first two.

I love freedom and liberty more than I love my life. I am willing to lay down my life for my religious convictions. I believe all are entitled to freedom of choice and to be taught how to be healthy.

I am proud to announce that the Reams Seminars will continue. They will be taught in Harrison, Arkansas. I will attend as many as possible and will continue to do my part to help make America the healthiest nation on this planet. Enclosed is a brochure about the classes. In the near future you will receive information on all other classes. The faculty has been instructed into Session VII and the synopsis is completed for Sessions VIII and IX. There will be a class in Anatomy offered in the Spring of 1978. This will help you to understand much better how to see the pictures in the numbers and how to someday, if you apply the rules of bio-physics, be able to express every degree of biological life in mathematical terms. I beseech all of you to learn as much as you can about this wonderful temple of ours and to teach others how to keep them clean and presentable for our King.

Luther Burbank, the man God taught to cross pollinate plants, said, when he was persecuted for his discoveries, "Ignorance is the greatest enemy progress ever had." Ignorance breeds ignorance, as knowledge breeds and inspires knowledge. Seek to know the truth and "the truth shall make you free." Bible.

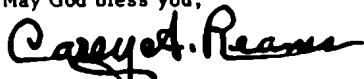

If I can count on you to be one that is willing to please God and stand up and be counted, please fill in the enclosed brochure and card and mail them today. If you are waiting to take a future class that is not indicated on the brochure, please indicate the next session you are eligible to take.

During the Spring 1978, there are two official books being released about my work. They will be published by NEW LEAF PRESS, Harrison, Arkansas. #1 is CAREY A. REAMS A "Moses for Health, (my authorized autobiography) by Carey A. Reams and Cliff Dudley. #2 is CHOOSE LIFE OR DEATH, The Reams Biological Theory of Ionization, by Carey A. Reams and Cliff Dudley. *See enclosed card.

There will be a chain of newsletters this year to keep you up to date. Unless they appear on this letterhead and my name is signed to the letter it will not be authentic.

Those who wish to aid with the legalizing of the Practice of Health may send their contributions to the Carey A. Reams Legal Trust Fund, Box 1045, Harrison, Arkansas 72601.

May God bless you,

Carey A. Reams

P.S. Next month I will be sending you information on a Reams Analyst Convention. Watch the mail!
